

Environmental Decontamination Solutions

With people being in such close proximity to one another, infections spread very quickly. This causes distress and hinders staff performance. This will have monetary implications to your business. This is where **24 NRG Group** will support you and your staff.

Minimising the effect of and Outbreak

Outbreaks from infections can occur at any time. Developing an evolving action plan to combat the spread of infection is now more important than ever!

We are proud to be accredited by

CREATING
HEALTHIER
ENVIRONMENTS

Our Decontamination Services

Over the last 8 years, we have helped organisations create their individual Decontamination Action Plans and provided the resources and solutions to quickly stop the spread of infection. We help our customers get back up and running after an outbreak quickly and safely. These are our core focuses to reduce the overall impact to your business.

We offer Solutions across a variety of sectors

- Care Homes, Hospitals, Ambulances, Laboratories, Hotels, Offices, Kitchens and many more
- Our processes go beyond the strict CQC and NHS guidelines to deliver the highest level of environmental decontamination

Using Patented Technology

Our professionally trained teams have the experience to thoroughly clean and decontaminate all affected areas. This will provide clinically safe conditions which will last up to 30 days after decontamination.
