

**VICTOR** **MEDICAL**  
UK ENGINEERING

## Victor Hydraulic Bathing Hoist

The Bath Lift is powered by an pneumatic handset. This enables **easy use** for independent users and provides **less strain** for care assistants. **Easily installed into confined spaces**, the unit will fit most existing baths and can be **easily installed** with the minimum of disruption.

The hoist has the ability to rotate through **360 degrees** and the chair is able to rotate independently through at least **180 degrees**. All manufactured and installed with **UK Parts**. It is able to be operated solely by one person if required, enabling **independence, privacy and dignity** at private residences or in busy care homes.

**PRICE: £4750 + VAT inc installation**  
**5 Year Warranty!**

SWL of 180KG

- Can be fitted at the side or at the end of your bath
- Can reach the bath, sink and toilet respectively
- Ergonomic handset for ease of use
- Can be installed into small bathrooms where manual lifts are unable to operate
- If a water therapy treatment bath is required, it is more cost effective to fit a spa bath with a Victor Bath hoist than other Proprietary Treatment Baths
- Easy to use with controls limited to raise and lower functions
