

### SURGE24

A variable-height bathing system with powered seat transfer, suitable for a wide range of care settings.

Combining impressive levels of performance with exceptional value, the SURGE24 is designed to be a cost effective bathing solution suitable for a variety of care environments.

The SURGE24 comes with powered seat traverse to ensure the safe and efficient transfer of bathers in and out of the bath.

It is also available with an optional detachable transfer chair to help carers transport bathers between rooms. With its energy-efficient keyhole design and array of water-saving features, this versatile bathing system is extremely economical to run. Compact enough to fit into the space of a traditional style bath, the SURGE24 has a long internal length and extra-wide seating area so it delivers outstanding levels of comfort.

#### KEY FEATURES:

- TMV3 water temperature control taps
- Powered seat system (with strap)
- Nursing arms
- SWL = 165kg

#### OPTIONAL EXTRAS:

- Sensory pack
