

Product Specification:

Avero Comfort S
 Height Adjustable Bath

Highlights:

- Sculpted to give maximum internal room and bariatric capacity
- Optional extras allow ultimate bathing experience through warm air spa and integrated sound and light system
- Patented Neatfold drying and changing stretcher can be added
- Double tub thickness for extra insulation
- WRAS approved

The free standing Avero Comfort S height adjustable bath has been beautifully sculptured to give maximum internal room within a minimal external footprint, allowing extra movement and comfort and boasting a **bariatric capacity**.

The Avero Comfort S is hoist accessible to accommodate all types of Astor-Bannerman Care overhead and floor hoists, ensuring easier transfer and access for the carer. The **Astor-Bannerman patented Neatfold stretcher can also be fitted** to enable additional care to be carried out without additional unnecessary transfer. Optional supports and cushions are available to further enhance comfort and fit, including a footplate with three position settings.

For the ultimate bathing experience, the Avero Comfort S has optional features that include a **warm air spa** giving a relaxing massage effect, **colour changing LED lights** and an **integrated Bluetooth speaker system**, to either stimulate the senses or create a relaxed environment.

The Avero Comfort S comes as standard with a **Showersafe gantry system** which is fitted with a TMV3 temperature control, is WRAS approved and provides backflow protection to fluid category 5 level. The bath filler tap is separately fitted with a **TMV3 temperature control**.

It is also available in a variety of colour options.
